He was appalled at the behavior of non-leadership within the School Committee members during that meeting.

GLOBAL EDUCATION

Ms. Kerry Dunne, Director of Social Studies for K-12 at Arlington Public Schools presented how the social studies department is working towards achieving the 2009-2010 goals related to embedding 21st Century skills and global education. Ms. Dunne explained the various partnership opportunities for professional development for teachers and enrichment for students.

The committee members were very impressed with the presentation and the partnerships Ms. Dunne has formed and encourages many other departments to follow her lead.

BUDGET UPDATE

Dr. Kathleen Bodie, Interim Superintendent stated that the Budget discussions have been going on since the fall and reminded everyone that the timelines with the state and federal budgets are not in sync with the schools and towns budget timelines, which makes it difficult to project a budget bottom line number. However, Dr. Bodie and Ms. Diane Johnson, Chief Financial Officer received some new budget information regarding circuit breaker and IDEA stimulus money for FY 11 that could reduce the projected \$6.8 million shortfall to about \$5.85 million.

After listening to the budget update, the committee members agreed to have our state representative speak with the governor and plead our case. It was recommended that the public go to our website to review budget data, attend our public hearings and attend the many budget forums being held over the next few weeks..

Dr. Bodie's own recommendation to the School Committee members is that we do a search for the Peirce Principal and following the discussion of the pro's and con's of hiring an assistant principal or principal at the Peirce Elementary School the motion was made:

Mr. Thielman moved to direct the Superintendent to conduct the Search for the Principal of The Peirce Elementary School and be opened to finding someone with the capacity to take on other administrative tasks, seconded by Dr. Spangler.
Voted: 4-3, Mr. Curro, Ms. Burns and Mr. Curran voted No.

Some of the committee members were encouraging Dr. Bodie to include additional language in the job description for the principal position due to the smaller size of the Peirce and by adding additional administrative duties to the job posting. Ms. Heigham offered a friendly amendment to include the language, however, Mr. Thielman preferred his original motion.

DRAFT of 2010 - 2011 SCHOOL CALENDAR

Dr. Bodie presented the draft of the 2010 and 2011 School Calendar to the committee members. The discussion from the committee members was around the start of school year date, the difficulty of elementary early release days all being held in the same week and possibly adding one evening conference for elementary parents.

SUPERINTENDENT'S REPORT

Dr. Bodie notified the committee that the Stratton Elementary School has been nominated by the Department of Elementary and Secondary Education to the Blue Ribbon Program, which is the national school recognition program that honors public and private K-12 schools that are academically superior in their state or demonstrates dramatic gains in student achievement.

Dr. Bodie received an announcement from Ms. Bouvier, Director of Health and Wellness that most students are applying to colleges for early action or early decision and that 78.3% have been admitted to their choice school. Dr. Bodie also stated that in the Arlington Public Schools there are 59 identified languages spoken at home.
